

This letter is about the 2 judges in Worcester County, Theodore Eschenburg and Thomas Groton repeatedly refusing to sign and/or exemplify their own court documents in the sham lawsuit Charles Richard Longo Sr. , Gilbert Sapperstein et al had filed against Stone in Snow Hill, MD.
Chief Judge for Maryland, Robert Bell had to intervene on Stone's behalf and forced Judge Eschenburg to sign and/or exemplify the court documents as Stone had repeatedly requested. Judge Groton continued to refuse to sign his own court documents.

Dear Mr. Rodden ;

Please **DISREGARD** the letter that was cc' d to you on or about July 13, 1997.
I had placed this letter (EXHIBIT 1) in the mail box and shortly thereafter received a response and partial compliance (EXHIBIT 2) to my original request . Judge Thomas Groton is still refusing to sign the EXEMPLIFIED DOCUMENTS as I requested in my original letter .

Poses a very interesting question , both Judge Eschenberg and Judge Groton allege to be Honorable and Ethical Judges but, both refuse to Exemplify Judicial documents that were generated as a direct product of their judicial proceedings of which both Judge Eschenberg and Judge Groton have personal knowledge and presided over all of the proceedings pertaining to this matter.

And in order to compel Judge Eschenberg and Judge Groton to comply with a legal, lawful, reasonable request Stone has to obtain a WRIT of MANDAMUS to make these two PUBLIC SERVANTS behave.

Or maybe Judge Eschenberg and Judge Groton suddenly don't want to be associated with documents that are going to be used as evidence against their long time personal acquaintances and political cronies Robert E. Warfield , Hal P. Glick, Bruce A. Moore in who were also the plaintiffs in the above referenced case in a Federal Court .

Best Regards

Donald Stone

Gilbert & Mark Sapperstein were about half way thru their \$3.5 million Baltimore School Board fraud scheme at this time.

Plus Rodden was probably already up to speed on the various fraud schemes taking place in Snow Hill, Maryland because of the Richard Rodden McCleary drug trafficking operation from Florida to Snow Hill, Ocean City, Worcester County, Maryland
